Voodoo Magic is a calm, patient fellow whose calves average 55 lbs, deliver unassisted and grow at a rapid rate, often outgaining their peers by 100+ pounds at weaning. Magic was carefully bred to produce black and red calves with sound feet, tight udders and gentle temperament. His excellently level top line combined with his strong muscular neck, broad short head, low wide horn set and bushy forelock compliment a thick, slightly wavy coat. Voodoo Magic's full thighs, thick shoulders and short, strong legs give overall balance that exemplifies perfect conformity to the Scottish standards.
