January 8–23, 2022

These are extraordinary times for the Highland breed! The past 12-18 months have created an unprecedented demand for Highland cattle and beef. This boom has translated into a vigorous market where good cattle are center stage. The 33rd Annual AHCA National Sale is an exceptional opportunity, offering performance genetics with style. While there are certainly cattle out there for sale, the market has tightened and live auctions have boasted an easy way to bring new genetics, and cattle handled extensively, into your herd. This, combined with the robust energy of the National Western rebuild, is an unmatched opportunity. There are several new buildings on the recently expanded campus and more in the construction phase. The "Super Bowl of Livestock Shows" is ramping up for their complete new build of the state-of-the-art facility and continue to roll out the red carpet for event-goers! For now, the Hill won't look much different but the planned expansion into a global ag center will be second-to-none at its completion.

Young breeders, the AHCAj Futurity is now in its ninth year and still a one-of-a-kind opportunity. Any AHCA junior who purchases a breeding heifer at this year's National Sale will have the opportunity to be rewarded up to \$1000 next year. Contact AHCA for more details or check out the juniors tab at www.highlandcattleusa.org.

For further information on any of these sale lots, please contact the sale consignors or National Sale Committee. Sheridan Auction Company with their extensive knowledge of the beef industry and the Highland breed, will handle the sale on the block again. If you are unable to attend the auction but wish to bid, contact Bill/Doug Sheridan or Jason Buher. You can watch the sale and bid via CCI.live, who will handle the online broadcasting this year. Register and sign up prior to sale day to guarantee your online seat is saved and buyer number processed. If you have trucking needs there are several options available; please contact the Sale Committee. Buyers are responsible for arrangements and they should be made prior to the sale. Following purchase of cattle, please remember it is the buyer's responsibility to care for them. If you are not present, please make the appropriate arrangements with the seller immediately after the sale. Terms are cash, check or credit card (4% fee). AHCA Terms and Conditions apply.

On behalf of AHCA and the sale consignors, we are happy to be back at the National Western. There's no place like Stock Show! We are truly blessed to host one of the finest Highland events in the country!

It is an honour to provide the cover image for your sale catalogue. This is Oighrig Ruadh 3rd of Gartchonize, aged fourteen, bought as a heifer many years ago for my pedigree Torrie fold in central Scotland. One of my best bloodlines. I have been painting and drawing my favourite subject Highland cattle for more than ten years now, and have found a ready market for my artwork worldwide. It's a great help to have the inspirational subject matter on my doorstep although I can't paint out in the field with my cattle as they are far too friendly and would "get into" everything! I started working with pastels, but favour acrylic for the big canvasses. You might like to visit my websites: www.highlandcowart.com (postage costs to the US and Canada are rather high though) and www.barkershighlandbeef.co.uk for information about my small farm and the holiday cottage. If you are over this way, you will be more than welcome to visit.

Meantime, may I wish you every success with your sale – with both happy sellers and buyers!

Imported from Canada, he won numerous get-of-sire awards and produced females that won Grand Champion Female at NWSS in 1998 and 2000, and numerous other titles. BIDDING: All animals sell to the highest bidder. Any disputes or challenges regarding bids will be settled by the auctioneer and his decision will be final.

PURCHASER'S RISK: Each animal becomes the risk of the purchaser as soon as sold; but it shall be the obligation of the seller to see that the animals are fed and cared for free of charge to the purchaser, until loaded for shipment or until the expiration of 48 hours after the sale, whichever occurs sooner.

2. Bulls are guaranteed breeders if not allowed to run with the herd until at least 14 months of age. Any bull which settles cows by natural service and passes a breeding soundness exam according to the guidelines of the Society of Veterinary Theriogenologists, made by competent veterinarians, mutually agreed upon by buyer and seller, during any 6 month period of trial (provided for in paragraph 2 of "Options and Privileges of Return or Adjustment") shall be considered a breeder. Any guarantees with respect to the ability to freeze semen shall be by separate agreement between buyer and seller.

2. In the event an animal is claimed to be a non-breeder, the animal may be returned to the farm of the seller, if in good condition and complying with the health requirement of the seller's state. The seller shall be entitled to 6 months trial following the return of the animal in which to prove that the animal is a breeder. If at the end of 6 months the seller is unable to prove the animal is a breeder, the seller shall, at the option of the buyer, replace the animal with another of equal value or refund the full purchase price. The return of full purchase price shall in any case be deemed full satisfaction and settlement. Any expense incurred for transporting an animal claimed to be a non-breeder shall be the responsibility of the purchaser, except the seller shall be responsible for transportation costs in excess of the distance between the purchaser's farm and the location where the sale took place. If the seller proves the animal to be a breeder, it shall be the obligation of the purchaser to take delivery of the animal and pay all expenses incurred.

3. If a female sold as "pregnant" proves not to be in calf, the purchaser may receive service from the bull previously used, if available, or if the bull is not available, the seller shall be obligated to make satisfactory adjustment on the purchase price to the buyer or, at the buyer's option, refund the full purchase price upon return of the animal to the farm of the seller. It shall be the obligation of the seller to bear any expense incurred for transportation.

5. Cows with calves at side are presumed to be breeders with no further fertility guarantee.

6. Any controversy or claim arising out of or related to this contract, or the breach thereof, shall be settled by arbitration administered by the American Arbitration Association under its commercial arbitration rules, and judgment on the award rendered by the arbitrator(s) may be entered in any court having jurisdiction thereof.

AUTHENTICITY OF PEDIGREE

When an animal, through blood typing and/or DNA typing, is determined to have ancestry other than that reported on the registration certificate, the buyer shall be entitled to a refund of the full purchase price from the seller upon return of the animal to the farm of the seller at the buyer's expense. The animal in question, at the buyer's option, may be exchanged for another animal of equal value, or if agreeable with the buyer, the seller may have the certificate of registry corrected at the seller's expense with the corrected certificate returned to the buyer. Any adjustment provided herein, if selected, shall absolve the seller from further liability for authenticity of pedigree to the buyer.

THE SELLER SHALL NOT BE LIABLE UNDER ANY CIRCUMSTANCES FOR CONSEQUENTIAL OR INCIDENTAL DAMAGES. THE LIABILITY OF SELLER FOR A BREACH OF WARRANTY HEREUNDER IS LIMITED TO THE REMEDIES SET FORTH ABOVE.
