

# 34<sup>th</sup> Annual AHCA National Sale

*Performance Genetics with Style*

**Saturday January 21, 2023  
10AM MST  
Denver, CO**

It's AHCA's 75th Anniversary and what a way to start off the celebration! The momentum within the Association and excitement for our cattle has hit new heights. We are seeing historic demand and prices, with a bright future ahead. Your AHCA Board of Directors recently approved up to \$40,000 this year to be spent on marketing, advertising and breed promotion initiatives to give back to the membership and to further support AHCA as the leader in the industry. This massive effort is being led by a progressive group of breeders that has your best interest in mind. Remember, we are the National Breed Registry for these heritage cattle and recognized as such by our fellow Highland associations worldwide and beef industry partners. AHCA has been tracking pedigrees since our humble beginnings in 1948, when a group of breed pioneers met at the XX Ranch, Belvidere, SD. Three quarters of a century later, registration continues to be the foundation for the fullblood cattle. With the strong demand for seedstock, it may be as important today as ever. The National Western complex continues its rebuild with exciting changes to the grounds in 2023 and firm plans to finish the project in the coming few years. There's no place like Stock Show!

The AHCAj Futurity is now in its tenth year; a solid decade supporting our young breeders! Any AHCA junior who purchases a breeding heifer at this year's National Sale will have the opportunity to be rewarded up to \$1000 next year. Contact AHCA for more details or check out the juniors tab at [www.HighlandCattleUSA.org](http://www.HighlandCattleUSA.org).

For further information on any of these sale lots, please contact the sale consignors or National Sale Committee. **On all semen and embryo lots, buyer pays shipping and must take possession within 60 days of purchase. Transaction between buyer and seller only; AHCA Rules & Regulations apply. Eligible for USA only unless otherwise noted.** Sheridan Auction Company with their extensive knowledge of the beef industry and Highland breed, will handle the sale on the block again. If you are unable to attend the auction but wish to bid, contact Bill or Larry Sheridan. You can watch the sale and bid via CCI.live, who will manage the online broadcasting. Register and sign up prior to sale day to guarantee your online seat is saved and buyer number processed. If you have trucking needs there are reputable haulers listed below. Buyers are responsible for arrangements and they should be made prior to the sale. Following purchase of cattle, please remember it is the buyer's responsibility to care for them. If you are not present, please make the appropriate arrangements with the seller immediately after the sale. Terms are cash, check or credit card (4% fee). AHCA Terms and Conditions apply.

On behalf of AHCA and the sale consignors, we are pleased to have you join us in Denver. Historic and heritage has never meant so much as it does today. Come be a part of something big...

It is an honour to once again provide the cover image for your sale catalogue. This is a painting I did several years ago of a mature cow from the well-known Torloisk fold, aged fourteen or fifteen, standing on the beach near Ulva Ferry. This is on the western side of the Isle of Mull, off the West Coast of Scotland. Iain Mackay & Claire Simonetta farm there now, with pedigree Highlanders and are the Cnoc Na Sith fold name. Anyway, I decided to paint this cow having a paddle in the sea, as Highlanders often do if they have access to water. I had a lot of fun inventing her reflection!

I have been painting and drawing my favourite subject Highland cattle for more than ten years now and have found a ready market for my artwork worldwide. It's a great help to have the inspirational subject matter on my doorstep although I can't paint out in the field with my cattle as they are far too friendly and would "get into" everything! I work with pastels but favour acrylic for the big canvasses. You might like to visit my websites: [www.highlandcowart.com](http://www.highlandcowart.com) (postage costs to the US and Canada are rather high though) and [www.barkershighlandbeef.co.uk](http://www.barkershighlandbeef.co.uk) for information about my small farm and the holiday cottage. If you are over this way, you will be more than welcome to visit. Meantime, may I wish you every success with your sale – with both happy sellers and buyers!

A true sacrifice offering. Trinity's Calliope is ready to continue her show career for you. A heifer who easily placed division champ and given her very young age, caught the eye of all the judges she was presented to. Structurally one of the best. Package her up with the prettiest profile and sweet disposition, much like her sire Black Jack. You can't ask for a more stress-free show season, covered in potential banners. Calliope's dam is a daughter of the 2021 Grand Champion NWSS Cow/Calf winner. STR Elgin Lass will be presented for your viewing at the 2023 NWSS.

Excellent structure, sweetest disposition, awesome pedigree – if you're looking for proven maternal performance and docility, look no further. Avalon is the ninth calf from our Impact Dam, THP Ailsa, whose first calf is also an Impact Dam and has easily fed and cared for twins. Avalon's sire, Skye High Capone, was the 2016 NWSS Reserve Champion Junior Bull Calf, siring many other champion offspring. He stamps his progeny with width, depth and awesome legs and feet. This sweet heifer gets her disposition from both sides, took to the halter easily and would be a welcome addition to any farm!

Lana is a maternal sibling to several notable females including NWSS Reserve Champion Female Skye High ExcuseMyFrench and North American record breaker Skye High Klondike Kate. On her sire's side she represents a combination of the strongest bull names on the farm to date, resulting in this knock out line-bred package. Weaned off milk and pasture alone and is now being grown out on a modest ration of free choice hay and 4 lbs. grain/day. If you're looking for one that's good and just gonna get better, you found her. Check out animals in her pedigree at [SkyeHighFarms.com](http://SkyeHighFarms.com) or on Facebook.

Ready for that winning hand? Double down with this outstanding heifer's conformation. She has depth of rib, natural beauty, fluid on the move and overall structural soundness. Her dam has true ease of calving, superb maternal instincts and calved this heifer at 3 years of age. Black Book's sire is Holy Cross Black Jack and you'll find his daughters are on parade at this year's NWSS. Black Book offers an outcrossed pedigree that can be mated with many show champions, without concern of line breeding. A truly unique genetic package full of potential.

For your consideration, this coming 2-year-old red heifer was shown at NWSS 2022 and 2023. Her pedigree reaches back to J Bar T's Darla and HSC Steel Reserve on the dam side and Silva's Big Mac and Silva's Dixie on her sire side. This medium framed heifer displays a feminine front end, depth of rib and soundness out on the move. Her dam's maternal instinct is strong with exceptional milk production and stamps her progeny with color and conformation throughout. She would be an excellent addition to your fold or a great starter show heifer.

As deep and wide as a canyon, this bull will combine these traits, structural soundness and an outcross pedigree sure to please. We've used his sire extensively and he's produced many excellent calves. His dam Emmaline comes from a successful Australian sire. She is a fresh, feminine cow with an excellent udder and disposition. Canyon exhibits tons of breed character packed into a moderate frame. The judges have agreed all year, as he's been selected Grand Champion three times, Reserve Champion twice and another division championship. Be the first in the country to put these genetics to work!

Ten straws will be sold in two lots of five.

Lots 28 & 30 each include six straws (½ cc, 4M concentration straws) of heifer sex-sorted semen sold in one lot. Sexting Technologies (ST) requires semen be used only at approved facilities that report use for IVF/ET to ST.

You cannot get red calves from this homozygous black bull! Cloud 9 calves at Highland Spice have been vigorous, friendly and moderate in terms of birth weight. Imported by Highland Spice from one of the best herds in Canada, Cloud 9 offers outcross genetics to most American bloodlines. He was easy fleshing, had good feet and legs and did an excellent job covering commercial cows for years in big, rough Wyoming pastures. Now deceased due to an accident, here's your chance to make some functional and pretty black, silver and dun calves.

Thorbardin Ranch used Florent natural service and AI, both on the fullblood females and composite cows. One of their top structurally correct bulls with many of his offspring carrying this trait. Several show winning progeny here at the National Western include Champ Intermediate Bull Calf TBR Loman, Res Champ Junior Bull Calf TBR London and Res Champ Junior Yearling Heifer TBR Heather. Pitcher Mountain Farm of New Hampshire, a foundation herd in the USA, was owned by two generations of the Faulkner family dating back to the 1950s and now is owned by the Farmer family.

Check out this bombshell combo! Kyle was bred by EZ Acres, a well-known operation since the 1960s and producer of many champions over 50+ years. Fascinating foundation genetics including Scone Palace and Cladich from Scotland and Stroh, Oxbow and Mayfield here in the United States. LC King's Pride, a powerhouse of his time, is a highlight of the pedigree. The breeder, Thorbardin Ranch, had a large operation and says that Frederique was the best Highland cow in their herd! Need we say more...

Bennachie's Gwendolyne is a functional female and possesses show ring appeal. She has stayed structurally correct and phenotypically pleasing after having two calves. She has had a successful show ring career. Highlights include Champion Female and Champion Cow/Calf pair at the Dr. David Demuth Memorial Cornhusker State Highland Classic. Ruthless Game is a standout stud and was the Reserve National Champion Bull in 2017.

A minimum of six grade #1 embryos are guaranteed to the buyer with 2 guaranteed pregnancies, if embryos are placed by a licensed embryologist. In the event the chosen cow does not produce a minimum of six embryos, the buyer will have the option of flushing the cow again until the minimum and only the minimum of six embryos is achieved or the buyer may have the option of a prorated price per embryo based on purchase price at the National Sale. This settlement will be handled only through the buyer and seller. If the chosen cow produces more than six embryos, all embryos will be the property of the buyer. Consignor will choose the embryo technician and location for flushing. The buyer will be responsible for expenses associated with the flush. The sale of flush rights is a transaction between buyer and seller only. AHCA Rules and Regulations apply. A flush rights contract will be signed by consignor and buyer after the sale that defines and guarantees terms and conditions of flush. Seller requires flush to happen on or before 6 months from date of sale.

# *Rocky Mountain Highlands Ranch*

*Nestled on 35 acres, high in the granite hills of Northern Colorado.*

*We started our Highland ranch in 2020 with a dream to expand and create a large herd of around 500 head. The climate is a little cold in the winter. The breed does quite well here even in the summer, due to a mild season and shade of the pine trees and quaking aspens. They enjoy grazing high mountain native grass and also delight in escaping into the thick quakies. This provides an ideal spot to raise premium and hardy Highlands.*

*Who knows? We may even have some grand champions come from our ranch.*

# TERMS AND CONDITIONS OF THE AMERICAN HIGHLAND CATTLE ASSOCIATION

EXCEPT FOR THOSE STATED IN THE BELOW TERMS AND CONDITIONS, THERE ARE NO WARRANTIES, EITHER EXPRESSED OR IMPLIED, AS TO THE MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE WITH RESPECT TO THE CATTLE BEING SOLD.

THE WARRANTIES AND GUARANTEES SET FORTH IN THE "TERMS AND CONDITIONS" ARE IN LIEU OF ALL OTHER WARRANTIES, EITHER EXPRESSED OR IMPLIED, AND REMEDIES PROVIDED THEREIN SHALL BE THE SOLE AND EXCLUSIVE REMEDY OF THE BUYER, OR ANY PARTY CLAIMING THROUGH THE BUYER, FOR ANY BREACH OF WARRANTY OR GUARANTEE THEREIN PROVIDED, AND ALL OTHER OBLIGATIONS OR LIABILITIES.

**TERMS:** Terms of the sale are cash, check or credit card payable immediately upon the conclusion of the sale and before the animals will be moved.

**BIDDING:** All animals sell to the highest bidder. Any disputes or challenges regarding bids will be settled by the auctioneer and his decision will be final.

**PURCHASER'S RISK:** Each animal becomes the risk of the purchaser as soon as sold; but it shall be the obligation of the seller to see that the animals are fed and cared for free of charge to the purchaser, until loaded for shipment or until the expiration of 48 hours after the sale, whichever occurs sooner.

**REGISTRATION:** A transferred certificate of registry will be furnished to the purchaser for each animal within 60 days following the sale.

**HEALTH:** All animals are eligible for interstate shipment; except as otherwise announced.

**ANNOUNCEMENTS:** Any changes of any kind in this catalog will be announced from the auction box and such announcements shall take precedence.

## **BREEDING GUARANTEE**

1. All animals are guaranteed to be breeders, with the exception of: A) Calves under 12 months of age; B) Animals shown by purchaser after the sale (in cases of animals shown after purchase the breeding guarantees, if any, shall be such as agreed upon between the seller and the buyer); C) Injury or disease occurring after the sale; D) Gross negligence or willful misconduct on the part of the purchaser.

2. Bulls are guaranteed breeders if not allowed to run with the herd until at least 14 months of age. Any bull which settles cows by natural service and passes a breeding soundness exam according to the guidelines of the Society of Veterinary Theriogenologists, made by competent veterinarians, mutually agreed upon by buyer and seller, during any 6 month period of trial (provided for in paragraph 2 of "Options and Privileges of Return or Adjustment") shall be considered a breeder. Any guarantees with respect to the ability to freeze semen shall be by separate agreement between buyer and seller.

3. "Pregnant" females have been examined by a competent veterinarian and are so guaranteed.

4. "Served" females are not guaranteed to be in calf.

5. "Pasture exposed" females have been exposed but are not guaranteed to be in calf.

6. "Open" females have not been served and are so guaranteed.

7. Donor Females: A female which has been used in an embryo transfer program is not guaranteed to be a breeder after the date of sale unless by separate agreement between buyer and seller.

8. All animals sold as breeding animals are guaranteed not to be free-martins.

## **OPTIONS AND PRIVILEGES OF RETURN OR ADJUSTMENT**

1. All claims for adjustment or refund must be made in writing either within 6 months of the sale date or no later than 6 months after the animal reaches 20 months of age, with the exception of claims involving misrepresentation of service sire.

2. In the event an animal is claimed to be a non-breeder, the animal may be returned to the farm of the seller, if in good condition and complying with the health requirement of the seller's state. The seller shall be entitled to 6 months trial following the return of the animal in which to prove that the animal is a breeder. If at the end of 6 months the seller is unable to prove the animal is a breeder, the seller shall, at the option of the buyer, replace the animal with another of equal value or refund the full purchase price. The return of full purchase price shall in any case be deemed full satisfaction and settlement. Any expense incurred for transporting an animal claimed to be a non-breeder shall be the responsibility of the purchaser, except the seller shall be responsible for transportation costs in excess of the distance between the purchaser's farm and the location where the sale took place. If the seller proves the animal to be a breeder, it shall be the obligation of the purchaser to take delivery of the animal and pay all expenses incurred.

3. If a female sold as "pregnant" proves not to be in calf, the purchaser may receive service from the bull previously used, if available, or if the bull is not available, the seller shall be obligated to make satisfactory adjustment on the purchase price to the buyer or, at the buyer's option, refund the full purchase price upon return of the animal to the farm of the seller. If a female is represented as "pregnant" at the time of sale to a certain bull proves to have been bred to a different bull, the seller shall be obligated to make a satisfactory adjustment to the purchase price, or at the buyer's option, refund the full purchase price upon the return of the animal to the farm of the seller. Any expense incurred for the transportation shall be the responsibility of the purchaser, except the seller shall be responsible for transportation costs in excess of the distance between the purchaser's farm and the location where the sale took place.

4. If a female sold as "open" proves to be with calf, the purchaser may return the animal to the farm of the seller prior to calving for a refund of the full purchase price or for another animal of equal value, whichever is acceptable to the purchaser. It shall be the obligation of the seller to bear any expense incurred for transportation.

5. Cows with calves at side are presumed to be breeders with no further fertility guarantee.

6. Any controversy or claim arising out of or related to this contract, or the breach thereof, shall be settled by arbitration administered by the American Arbitration Association under its commercial arbitration rules, and judgment on the award rendered by the arbitrator(s) may be entered in any court having jurisdiction thereof.

## **AUTHENTICITY OF PEDIGREE**

When an animal, through blood typing and/or DNA typing, is determined to have ancestry other than that reported on the registration certificate, the buyer shall be entitled to a refund of the full purchase price from the seller upon return of the animal to the farm of the seller at the buyer's expense. The animal in question, at the buyer's option, may be exchanged for another animal of equal value, or if agreeable with the buyer, the seller may have the certificate of registry corrected at the seller's expense with the corrected certificate returned to the buyer. Any adjustment provided herein, if selected, shall absolve the seller from further liability for authenticity of pedigree to the buyer.

## **THE SELLER SHALL NOT BE LIABLE UNDER ANY CIRCUMSTANCES FOR CONSEQUENTIAL OR INCIDENTAL DAMAGES. THE LIABILITY OF SELLER FOR A BREACH OF WARRANTY HEREUNDER IS LIMITED TO THE REMEDIES SET FORTH ABOVE.**

The above terms and conditions of sale shall constitute a contract between the buyer and seller of each animal and shall be binding on both. Each sale or resale of an animal constitutes a separate transaction.

Neither the owners, sponsoring associations, auctioneers nor any other persons connected with the management or conduct of this sale assumes any liability, legal or otherwise.

## **ALL DISCLAIMERS OF WARRANTIES AND LIMITATIONS OF DAMAGES SET FORTH ABOVE ARE VOID WHERE PROHIBITED BY LAW.**
